Below you may find a summary of visa types and fees applicable:

For the time being this service is only available to passengers with a confirmed Emirates booking where an Emirates ETKT has already been issued and the flight itinerary already includes the desired time in Dubai. The itinerary into and out of Dubai should be on one ticket, and these flights must be Emirates flights. Note that any itineraries including any flights to or from Dubai on other carriers are not eligible. Passport validity up to 6 month for Iranian passport holders is a must.

A minimum of four international working days prior to arrival in Dubai is required, however Emirates does recommend that applications are made as early as possible. Visas issued through this service are available for a period of stay in Dubai of 48 hours, 96 hours, 30 days or 90 days.

Once approved, any visa cannot be extended beyond the original period of stay and once applied, any visa type change is not permitted.

Meantime Emirates is planning to extend this service through its valued trade partners via definition of a credit line in near future to spread its services through its distribution channels even more.
