New U.S. Premium Lounge at Abu Dhabi International Airport

Dear Trade Partner,

Etihad Airways' guests flying to the United States can use Abu Dhabi International Airport's [U.S. Customs and Border Protection Facility](#) to preclear U.S. Immigration and Customs before boarding their flights in Abu Dhabi. As a result, guests can experience fewer queues and shorter connections times for onward flights in the U.S.

For the convenience of our First and Business Class guests travelling from Abu Dhabi to destinations in the U.S., we have now opened a dedicated U.S. Premium Lounge where guests can relax after having cleared Immigration and Customs, before boarding their flight.

The lounge offers our premium guests comfortable seating as well as hot and cold refreshments and snacks while they wait to board. Guests can also catch up on the latest news on our TV screens. Other convenient facilities include a prayer room, luggage storage and restrooms with disabled toilet.

Not only is the preclearance facility the first of its kind in the region, this latest addition to our lounge portfolio means premium guests travelling to the U.S. can look forward to more of our award-winning hospitality.

Visit our website for more information on our [airport lounges](#).
