

## **SUBJECT : Acceptance of Infants on Qatar Airways Flights.**

Dear Valued Trade Partner,

Please be advised about the procedure of accepting infants on Qatar Airways flights.

- Infants less than 8 days old can only travel as approved MEDA case if traveling for emergency medical treatment (in incubators).
- Infant aged between 8 days and two years can travel with accompanying adult.
- In case of two infants with one accompanying adult, first infant can travel with an accompanying adult and second infant aged over 12 months will occupy a seat and shall be booked as infant with a seat (INS) with the applicable child fare ticket. If unable to sit on a seat with the seat belt, or if the infant is aged less than 12 months, then the 2nd infant should be accepted only with an accompanying adult over 16 years of age.
- In case of three infants with two adults, each adult shall be responsible for one infant ( 1 and 2 infant) during the entire flight. Third infant aged over 12 months will occupy a seat and shall be booked as infant with a seat (INS) with the applicable child fare ticket. If unable to sit on a seat with a seat belt or if the infant is aged less than 12 months, then the 3rd infant should be only be accepted with an accompanying adult over 16 years of age.
- Booking/ticketing details of the accompanying passenger must be provided at the time of reservation/ticketing for the third infant and both PNR's must have **TCP** information.
- In connection with carriage of an infant(s), a more stricter local government regulation or other airline's regulation (when codeshare/interline partners are involved ) shall take precedence over Qatar Airways policy.
- Please always ensure to validate DOB against the travel document and update correct DOB in PNR.

For any other queries, please feel free to contact your Qatar Airways Sales representative, contact our call centers or visit [tradepartners.com](http://tradepartners.com).

Sincerely,  
**Qatar Airways Team**
