ABU DHABI

THE ONLY WAY TO ARRIVE IN ABU DHABI

Dear Travel Partner,

We have created an Arrivals Lounge exclusively for our First and Business Class guests at Abu Dhabi International Airport.

After landing, enjoy an energizing shower, have your clothes pressed or freshen up with our new wet shave service, Shave by Etihad Airways. Replenish with our international buffet and catch up on emails at the Business Centre.

And when you're ready to leave, the Etihad Chauffeur Service will take you from Abu Dhabi International Airport to anywhere in the UAE.

On departure, experience our new spacious Etihad Airways First and Business Class Lounge with all the facilities you love, including a family room, Six Senses Spa, Business Centre, library, three international buffet stations, coffee stations and a concierge service.

Now you can dine, relax, work and freshen up before and after your flight with Etihad Airways. Welcome to a more comfortable world.
