

Introducing the A380 to Mumbai

Dear Trade Partner,

From 1 May 2016, your customers can experience our new A380 from Abu Dhabi to Mumbai on one of our triple-daily flights as we replace an existing Boeing 777 service.

Fares and schedules for the A380 service (EY204 and EY203) are now live in the GDS.

Our A380 features *The Residence* - a three-room suite with a living room, bathroom and bedroom. It also has 9 First Apartments, 70 Business Studios and 417 Economy Smart Seats.

Let your customers be one of the first to experience the A380 to Mumbai.

A separate seat and bed in
the First Apartment
