2. Passengers purchasing the domestic package can only fly on Turkish domestic flights, and passengers purchasing the international package can fly on international flights as well as on international flights with domestic connections.
3. There is no limit to the number of flights or routes which can be purchased as part of this package.
4. The promotion is valid for all scheduled flights operated by Atlasglobal. Sales of the promotional package and the reservation and ticketing of sales made as part of this promotion can be made through the Atlasglobal reservation system (ADS).
5. The promotion is valid only for adult passengers (passengers over the age of 13). Children cannot take part in this promotion. Passengers with infants are not required to buy another package for the infant.
6. Passengers buying a package can get flights for accompanying infants by paying airport tax only.
7. Code share flights operated by foreign airlines are not included in the promotion. The only exception for code share flights is that the promotion is valid on the Istanbul-Paris-Istanbul flights operated by Air France.
8. The package purchased is an individual package and can be used only by the person who has given their Turkish ID or passport information.

9. Participation in this promotion is limited to 5000 domestic packages, and 5000 international packages.
10. Taxes and fees are not included in the package price.
11. Passengers participating in the promotion are required to organise ticketing for the relevant flight before their travel.
12. Tickets purchased as part of this promotion can be used only within the promotion period. These tickets cannot be changed with flights operating outside the promotion period.
13. Tickets covered within the package can be changed free of charge.
14. If there is no availability in Business Class for a specific flight, the passenger may fly in Atlasglobal Ekonomiplus if he/she agrees. In this case, Atlasglobal Ekonomiplus ticket rules and rights will be valid.
15. In case of the cancellation of tickets issued as part of this promotion, only the landing charges will be refunded.
16. Two different discounts or promotions cannot be combined at the same time.
17. Atlasglobal reserves the right to change the rules of the promotion.
18. In the case where a passenger wants to cancel the package due to the fact that a particular route has ceased to be operated, the full package will be refunded only if only that specific route has been used as part of the package. Refunds will not be given if the package has been used for other flight routes. In this case the lowest business price (w class) of the relevant route included in the package purchased and the total number of flights undertaken up to that date are multiplied and reduced from the package price; and the remaining amount is refunded to the passenger.
19. While the service charge may differ based on the sales channel; it is recommended that a service charge of 25 TL is collected for each domestic ticket, and 25 USD for each international ticket under the package. Taxes and fees will be collected separately independent of the package at the time of ticketing.
20. The agent who makes the sale will receive commission of 175 TL for each domestic package, and 175 USD for each international package sold, and such commission will be paid within 30 (thirty) business days following the flight period, to be paid against invoice.
21. There is a right of return within 14 (fourteen) days provided that no flight has been taken under the package purchased.

We are pleased to provide the above for your information and look forward to successful sales.
