Date: 22 JUL 20

Dear Trade Partners,

Emirates has gradually resumed flights across the network and will continue to add scheduled passenger services. In order to ensure valid PNRs are protected, consultants **must reconfirm** all bookings where customers intend to travel.

This move is to avoid any potential no shows and ensure we protect bookings of customer who are certain about their travel plans.

Reconfirmation process is applicable on flights to / from Dubai on various destinations.
