## Travel safely from Shiraz

**Dear Valued Partner,**

We continue our commitment to getting your clients where they need to be safely by maintaining the highest levels of safety and hygiene on board and at our hub, Hamad International Airport.

### **IAC regulations:**

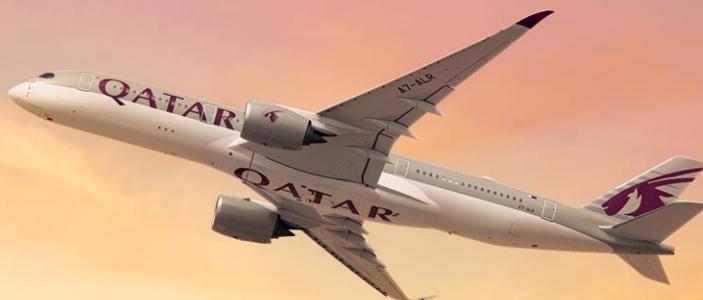

- In line with the latest IAC instructions, all outbound passengers departing from Shiraz - Shahid Dastgheib International Airport must acquire a health certificate prior to departure. Passengers are required to obtain this certificate from one of the listed health centers within 48 hours prior to their flight.
- Alternatively, passengers who are not able to easily access these centers will need to obtain a health certificate from any government-approved laboratory within 48 hours prior to their departure.

### **Qatar Airways travel regulations:**

- Additionally, passengers travelling on Qatar Airways flights from Iran are required to take a COVID-19 RT-PCR test within 96 hours prior to departure at one of the approved list of laboratories listed here.
- In order to be accepted to board a Qatar Airways flight, passengers need to present two copies of the RT-PCR test showing a negative result at check-in prior to departure.
- Children less than 12 years old, including infants, travelling with family members who have a negative test result are exempted from the test.
- Children less than 12 years old travelling as an unaccompanied minor are not exempted from the test and will need to present a negative test result from a Qatar Airways authorized medical center to be accepted for boarding.

Thank you,

Qatar Airways
